

MATCH PLAY

Rules of Play:

-Scorecards will NOT be provided. Competitors will be responsible for handicapping their own matches. Golf professionals on duty will be available to assist.

-All players will receive 100% of their current handicap indexes on the day of play (including the four-ball events). Matches must be handicapped off of the low player (See golf shop on day of play for assistance).

-Men's GROSS match play will be from the BLACK TEES.

-Senior Men's GROSS match play will be from the GOLD TEES.

-Any Men's NET match play event will be from the GOLD TEES with BLUE TEE ELIGIBILITY. If a player's current index combined with their age exceeds 70, they may, but are not obligated, to play the Blue Tees.

If a competitor (Player A) is playing the Blue Tees and faces a Gold Tee player (Player B) in a match, then Player A's Blue Tee handicap is reduced by two (2) handicap strokes for that match only.

PLEASE NOTE: once a player elects to compete from a set of tees (Gold or Blue), that player MUST compete in every match from those same tees. However, a player may use a different set of tees in a separate match play event.

-Match results must be reported immediately upon completion of play. A signed AND attested scorecard must be turned in to the box in the Men's locker room and must include all player names, the hole by hole scores, and the match result.

-PARTNER: After the first match has been played, if for ANY reason one partner of a match play team is unable to continue competing, a replacement player MAY NOT be substituted even if their handicaps are comparable. The single partner MAY continue to compete as a single ball in the four-ball matches. Also, all competitors must be members at Seville in good standing at the time of play.

-DEADLINES: Match play deadlines will not be extended under any circumstance. If the match is not completed with a week of the deadline date, a 'deadline tee time' will be booked on the final day by the match play committee. If one team fails to show at the final tee time deadline, this will constitute a forfeit. If the match is left incomplete and neither team arrives at the tee time deadline, the match will be coin-flipped. NO EXCEPTIONS. Matches will NOT be extended.

-MATCH CANCELLATIONS: Matches are scheduled at the discretion of the participating members. A 24-hour cancellation policy will be strictly enforced. In the event that a team no-shows a match or fails to cancel outside of the cancellation window, the cancelled upon team MAY either (1) elect to reschedule or (2) claim victory.

-Posting: The match play committee will post your match play rounds. On holes where you are conceded, put down the score you would most likely have taken on the hole. On holes that you do not play/complete, take Net Par. Please leave all signed and attested scorecards in the box in the Men's locker room.
